## Life Enthralled

Day and night, the Upper West Side offers the City's most intriguing urban experience... and Windermere West End places the best of this legendary location steps from your door. Like home, like neighborhood, life is simply bigger, richer and cooler here. Culture and cuisine, shopping and nightlife, entertainment and sports, parks and playgrounds-everything is right around the corner. This is city living at its most urbane. Even major universities and colleges such as Columbia, Barnard and Fordham are close by. Mass transit and easy access out of the City (should you ever want to leave) are just minutes away. So whether you want to get physical, intellectual, sociable or simply back to nature, you'll never have to look further than your own background.
